Of course, we will be inviting our two state senators and our five Cleveland area congressmen (three with *). Needless to say, we would want your comments and suggestions.

While we will be working more closely with you in the coming months, I was wondering if it would be possible to work through one of our representatives to invite an entire committee to the Center. I would think Congressman Mosher would be the logical choice since he is ranking minority member of the House Committee on Science and Astronautics and has expressed substantial interest in the closing of our Plum Brook Station (he represents the area).

At any rate, we will appreciate your comments. Please call me if you have any questions.

Sincerely,

Arthur R. Wycoff, Jr.
Assistant to Deputy Director, Management

Honorable Barry M. Goldwater, Jr.
House of Representatives
Washington, DC 20515

Dear Mr. Goldwater:

It was indeed a pleasure to learn that you and your Administrative Assistant, Mr. William McClain, will be attending our executive briefing "Technology in the Service of Man" on Friday, September 21, 1973. We are looking forward to having you both with us.

I will be glad to arrange a personal presentation for you on the work we are doing here in relation to low cost turbine engines. Indeed, we will touch upon this subject in one of our program presentations but as you can see from the very brief agenda I have enclosed, it is a small portion of a much broader presentation which we think will be of interest to you. Consequently, if your busy schedule permits, I would suggest that you plan to arrive midday Thursday or, alternatively, delay your departure until midday Saturday so that you can see the entire presentation in addition to spending some time with us in a personal update of our turbine work. We will, of course, accommodate our presentation to your schedule and if you will advise me of your availability, I will make the appropriate arrangements here.

Once again, we appreciate your interest in the Lewis Research Center and are looking forward to hearing from you in the near future.

Sincerely,

Bruce T. Lundin
Director

MEMORANDUM FOR RECORD

FROM: 1000/Arthur R. Wycoff, Jr.

SUBJECT: Congressman B. Goldwater, Jr.

Called Bob Lottman September 10 to remind him that it was imperative that we know Goldwater's schedule and wishes at the earliest possible time. Bob indicated that he would get in touch with Goldwater's aide and would get back to us later this week.

Bob mentioned that, due to the backlog of work in Congress, Fridays would be declared working days until further notice (heretofore Fridays were "free" days). He feels that this may well negatively affect the attendance of Congressional staff people as well as the membership itself. Bob and I will talk again about this later in the week, when they have a better feel for what is going on.

Arthur R. Wycoff, Jr.
MEMORANDUM FOR RECORD

FROM: 1000/Assistant to Deputy Director, Management

SUBJECT: Inspection Visit by Congressman Barry Goldwater, Jr.

Called Robert Lottmann, OAST Congressional Liaison (Headquarters) on August 24 re: our previous discussions dealing with the above visit and special presentation request. I had routed Bob a copy of BTL's July 31, 1973 letter to Mr. Goldwater as he and I had originally agreed, so he knew of our proposal to have Goldwater come in before or stay after the Inspection itself.

Bob indicated that Congress was in recess the entire month of August so we would not be able to get an input on Goldwater's preferences until they return sometime during the first week of September. Bob promised that he would coordinate our request with Mr. Goldwater's office and get back to us shortly.

We had also talked about supplying Bob with a complete listing of those congressional people (including staff members) who had responded by the end of August so that he could buttonhole the remainder. (This letter will be sent to Bob Friday, August 31.) Of course, Bob will let us know of any other "special" requests that he may get as a result of his personal contacts.
