

NASA  
OPEN HOUSE

LANGLEY RESEARCH CENTER  
Hampton  
Virginia

Saturday, May 23, 1964

10:00 a.m. - 4:00 p.m.

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

## EXHIBIT AREAS

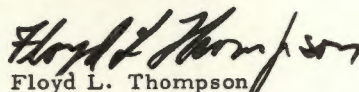

### WELCOME

The Langley Research Center has hosted this week to more than 2,000 representatives of industry, the military services, other Government agencies, and educational institutions at the NASA Field Inspection of Advanced Research and Technology.

At the Field Inspection, visitors from many parts of the world heard lectures and witnessed demonstrations illustrative of NASA research efforts in providing the technology for tomorrow's flight. In addition, some of the aeronautical and space goals of the NASA and the flight problems that confront our scientists were discussed.

Since thousands of persons in Virginia and neighboring states have expressed an interest during the past year in the aerospace activities of the NASA, it was decided to offer the general public this opportunity of learning about our work. Many of the exhibits you will see today are the same as those shown to our visitors this week.

The Langley Research Center welcomes you and hopes that this Open House will increase your understanding of NASA's part in this Nation's continuing efforts to discover new knowledge of the universe and to push forward the frontiers of flight within and outside the earth's atmosphere.

  
Floyd L. Thompson

Director  
Langley Research Center

Buses provide transportation to the exhibit areas and the Activities Building. Signs designate bus loading areas.

#### A - HANGAR (Bldg. 1244)

Life Sciences  
Space Flight Simulation  
Controls; Electronics; Communications  
Space Vehicle Systems  
Scout  
Rocketry

Scout Payloads  
Fire  
Aeronautics  
Wind Tunnels  
Flight Research  
Propulsion

#### B - MACHINE SHOP (Bldg. 1225)

Ceramics and Exotic Metal Machining  
Electronics and Miniaturized Instrumentation  
Models - Wood, Plastic, and Metals  
Automated Milling Machines

#### C - ACTIVITIES BUILDING (Bldg. 1222)

Spacemobile\* - 10:15 a.m., 11:45 a.m., 1:15 p.m., 2:45 p.m.  
Refreshments

#### D - CAFETERIA (Bldg. 1213)

Spacemobile\* - 10:30 a.m., 12:00 noon, 1:30 p.m., 3:00 p.m.

#### E - WIND-TUNNEL TOUR (Bldg. 1146)

16-Foot Transonic Wind Tunnel  
Air Exchange Tower  
Propeller Drive  
Diffuser  
Test Section  
Apollo Model Test  
Control Room
