MEMORANDUM For Staff.

Subject: Lewis Triennial Inspection, October 7 - 10, 1957.

1. I wish I could thank you individually for the excellent job done by the entire staff during our Triennial Inspection. Each member of the Committee and scores of individual guests expressed their highest commendations and the Committee as a whole passed a resolution instructing the Chairman, Dr. James H. Doolittle, to convey to the Laboratory its congratulations for a superb job.

2. I have learned of the long hours of overtime worked by many members of the staff and of their willingness to work extra hours to produce the show. Your fine efforts and cooperation are greatly appreciated. Thank you for a job well done.

Edward R. Sharp
Director

MEMORANDUM For Those Concerned

Subject: Suggestion for Improvement of the next Inspection

1. We would like to make each inspection better than the previous one. Those of you who have helped prepare the inspection or who have been actively involved with it, undoubtedly have suggestions, criticisms, or constructive ideas which will help guide our future planning. By next Thursday, October 17 while the inspection is fresh in your mind we ask that you address, to my office, any helpful remarks, ideas, or criticisms on any phase of the inspection planning, presentation or operations.

Willson H. Hunter
